I think One Big Voice was amazing. The atmosphere was great, the people were amazing and the singing was impeccable. I definitely recommend to join the Senior Choir and to go to One Big Voice next year. I would also recommend to try out for a soloist or compere part because it was a once in a lifetime opportunity for me. I would also like to say the train was great. I would definitely recommend going on the train for next year because it was sooo fun. Just want to say we represented our school really well and so many teachers would just walk by and say how lovely we were. I would do that all over again in a heart beat

I loved One Big Voice. It was everything I dreamed it would be. I was so proud of everyone in the choir and all of the kids and teachers who were there. I also loved the train ride there because we did lots of singing made everyone smile.

One Big Voice was very exciting but I was very nervous but Mrs Anson said that it was normal to be because I cared about what I was doing. I love how most things were planned but what I didn't plan on was my braveness. I tried my best and I did it although it was a little too much as I haven't been working on my lungs.

I loved One Big Voice last Friday night. Even though it was my third time going, it was the best and it was also my last year I can go. People loved it when we were on our way there on the train, we sung all the way there. When we got to Perth and out of the train station we sat and had some snacks then we went to the Arena and usually wait for ages but this year were straight inside. My Favourite songs were Raining and High Hopes. I certainly think One Big Voice should continue for years to come. I LOVE ONE BIG VOICE!!!!

It was an amazing experience and the atmosphere was unbelievable for me. I enjoyed all the songs and even the practise was fun. Before the show started we did a big mass choir rehearsal. It was beautiful because all the parents put their flashlights on and it was extraordinary. Jordan Anthony was fantastic and I loved his songs. The soloists, vocal groups and comperes were great. I especially enjoyed the Raining Body percussion. It was fabulous! It was a long day but I was glad that I went to One Big Voice.

I LOVED last Friday night even though it was my 3<sup>rd</sup> year and last year going, it was the best year. One the train we sang and the people on the train loved it. When we were there it was great. My favourite songs were A Million Dreams, when the teachers sang and all 3750 students bobbed down and then stood up. I got Goosebumps. It was bigger and better than last year. I also loved Raining, High Hopes and Like a bird. I love the instrumental bit. I definitely recommend to do it again for years to come.

I think One Big Voice was REALLY fun. The singing all together we the best feeling I've ever felt. I would definitely recommend doing to again. I really think everyone sounded amazing. I recommend singing up and trying out for a solo part. They were amazing. Mrs Anson, we would not have had this heart-warming experience without you!!!!

- I felt happy
- I love the way we went there because we could practise on the train and have fun.
- When we got to Perth Arena I felt nervous but when the concert started I was confident because my friends were next to me.
- We ate snakes and played games on the grass area.
- The concert was so much fun. We had a practise beforehand
- Everyone got their phone flashlight out and waved them side to side. IT looked amazing
- Each year is a special guest. This is year it was Jordan Anthony. He was amazing.
- I recommend having it every year.
- We did have to wait a long time to go home and get out of the arena as there were 4000 kids who had to get to their parents.

One big Voice was completely different to what I expected. I thought that going there for the first time ever would be boring and I wouldn't go again but after going there ...It was amazing. I would do it again and again! I really enjoyed seeing thousands of students singing and enjoying themselves. I really loved the special guests and the young talent added to it. It made it more special and amazing. The only thing that could be improved was the microphones. It was hard to hear the comperes talking. Other than that it was an incredible experience. To all the young singers, One Big Voice is Amazing and you should be a part of the choir. It makes you feel soooooo good.

I think one Big Voice 2019 was spectacular. The train ride was much more efficient than just the bus. The rehearsal was so cool, having everyone hear what we all sounded like together for the first time. I definitely recommend one Big Voice to everyone, Boys and Girls, because it's an amazing opportunity to see the crowds clap and cheer for you. It makes you feel like you can do anything and it gives you the biggest smile ever. I hope to see another tremendous One Big Voice next year.

One Big Voice is a once in a lifetime opportunity. This year was my 3<sup>rd</sup> year in a row going to OBV and it gets better each year. For kids going to join choir next year I think they would love to go. I would feel bad if they didn't get that opportunity. I think One Big Voice is spectacular. The atmosphere is great. There's lights everywhere and there's a part inside of you that glows when you hear everyone sing together. The solos and musical instruments were amazing and the music teachers are amazing for teaching us the songs.

I really liked One Big Voice. I felt so nervous at first but when we started the concert I felt confident. The bus and train to Perth was the best way to get there. The train was really fun because we got to sing some of the songs. The concert was great. For one part of the concert people got out their phones and waved the lights side to side. I think that was the best concert I've ever been to. One the way there we ate snacks and stopped to play a little bit. After the concert I was so tired and I was hungry. This year we had a special Guest called Jordan Anthony. Jade came in the car with me on the way home. I love seeing Jaslyn play the Piano on the Young Talent section.

YES!!!! The experience was breathtaking. The train was a good idea. The songs were good. I recommend doing One Big Voice next year it is so much fun. Things that could be improved upon – The sound, you could barely hear the comperses. Otherwise it was amazing for my last year at Primary School. I will miss it so much.

## **Kyra Rm 29**

One Big Voice was so fun. It was cool how everyone turned on their phone lights and waved them around. Mikayla was very cool and brave talking in front of over 15000 people (so Brave). It was also fun making friends from others schools. The train was so cool I recommend doing that again.

## **Ava Rm 26**

I liked One Big Voice because it was nice to see lots of school from WA singing together. I was also nice when all the instrumental children playing together for Like A Bird. It would have been nice not to stand so much and if every school had a time to go to the toilet but in conclusion I really loved and would totally recommend it for everyone next year.

## **Neive Rm 25**

It was an enjoyable and amazing experience. I LOVED IT. It was so so so cool. The train ride was good. It was fun because we sang and loads of people were watching us and clapping us on. It was extraordinary and it is such a good experience for kids.

## **Georgia Rm 24**

One Big Voice was the best concert I've ever been to. It was so much fun. I liked how they took us on the train. I love how it had disco lights. Everyone singing just made me happy. It was more than amazing. It was incredible I loved it a lot.

## **Kari Rm 24**

I think One Big Voice was awesome because the experience was unbelievable. Even if we made a mistake, no one noticed as we were in such a big group. It was so much fun – Buses, train, Perth Arena. I would recommend it.

## **Poppy Rm 19**

I loved One Big Voice. I thought it was amazing. I loved the songs, the people and everything about it. I had lots of fun. Everyone sounded amazing especially with all the voices combined. It looked and sounded amazing. It was definitely one of the bet experiences ever. The train ride was fun and I enjoyed it so much. I would not change a thing.

## **Alyssa Rm 25**

I felt a bit sick but the event was incredibly amazing. The music was loud and it was a lovely place. I definitely would do it again.

## **Loren Rm 26**

My experience at One Big Voice was truly amazing when I sing a fell alive and I can do that with One Big Voice. I think we should be able to sit down after the songs as my feet got sore.
