

Win !!!

If your class brings in the most containers for our "Containers for Change" project – your class will win an end of the year Pizza Party!!

COLLECT ELIGIBLE CONTAINERS

Not all containers are eligible. Here's a way to remember which ones you can return:

Aluminium is a win. Glass and plastic are always in. Steel and paper are good to go. But milk and wine bottles are a no.

ELIGIBLE CONTAINERS

Start collecting these containers here at school, or from home. Bring them to the collection bin behind the canteen before school starts in the morning (before 8.50), or if there is no-one there, bring them to room 19.

We will count your eligible containers and add them to your class total.

So start collecting !
