

Dear Parents and Carers,

Government schools in Western Australia have been directed to remain open and we are following this directive.

Parents *may* choose to keep their child/ren home and absent students will not be penalised. We ask that parents keeping their children home due to covid19 concerns just advise us of such and the planned length of time so we can record. Parents can email secretharbour.ps@education.wa.edu

This week we are working towards on-line learning programs and educational activities that can be undertaken by students if they are not at school, however I reiterate that Secret Harbour Primary School is open.

Even though schools are remaining open there are additional directives and requirements for schools including:

- Separating students at recess and lunch breaks
- Ceasing assemblies
- Cancelling sporting events
- Cancelling (or postponing) P&C, School Board and other meetings
- Postpone or cancel school camps (this doesn't impact SHPS at this stage as camp is booked for term 4.)

In addition, all of the companies who were providing incursions this term have cancelled; Playground Craze, Music Man and Constable Care. Payments already made for these will be credited to student accounts.

As new information becomes available we will communicate to families.

Your support and understanding are appreciated.

Kind Regards

Lisa Fletcher

Principal
